

## **CALL FOR PROPOSALS: SANBI Q2176/2011**

### **GRASSLANDS PROGRAMME**

#### **CONSULTANT: DEVELOPMENT OF A BUSINESS CASE FOR THE PROVINCIAL BIODIVERSITY STEWARDSHIP PROGRAMMES**

---

The Grasslands Programme is a twenty year conservation initiative which aims to secure the biodiversity and associated ecosystem services of the grasslands biome for the benefit of current and future generations. Hosted by the South African National Biodiversity Institute (SANBI), the Programme is a strategic partnership between the three spheres of government, the private sector, civil society and the academic sector

SANBI through, the Grasslands Programme, wishes to appoint a consultant to prepare a Business Case for the relevant provincial Biodiversity Stewardship Programmes to strengthen the roll out of biodiversity stewardship as a critical mechanism for protected area expansion and sustainable rural development.
